County Activities of Excellence
2015 Winners

**Project:** Farm Bureau University

**Program Area:** Education and Ag Promotion

**County Farm Bureau, State:** Sacramento, CA

**Membership Category:** 3001-5000 members

**Program Description:**
Farm Bureau University- Training Classes Specifically Designed for our Members. Farm Bureau University provides classes and learning laboratories where farmers, ranchers, their employees are trained and informed on issues, safety training, regulatory programs and business development topics. In addition, the program engages high school students to be involved in Farm Bureau and allows our county Board of Directors to mentor young people as part of the FB Ambassadors. Sixteen classes and seminars were offered with over 200 members attending. Last year agriculture membership increased by 22%, which is estimated due in large part to Farm Bureau University.
