**Project:** Farm to Table Dinner

**Program Area:** Education and Ag Promotion

**County Farm Bureau, State:** Montgomery, MD

**Membership Category:** 3001-5000 members

**Program Description:** The Farm to Table Dinner took place at the County Agricultural Farm Park. This sold out event was a huge success. Local Chef James Riccuiti prepared a delicious meal on-site using local meats, vegetables and produce donated by local farmers and farm markets. 100 guests enjoyed appetizers while visiting the agricultural displays and enjoyed a delightful dinner buffet and discussed agriculture with local farmers over dessert. Dinner and dessert music were provided by local musicians. The objective of the dinner was to connect with and educate the community about agriculture in the County. Displays gave consumers an opportunity to learn about local agriculture and local food sources. It also raised awareness of agricultural initiatives. The event gave local farmers an opportunity to showcase their businesses while local consumers experienced superb locally grown foods.
