COVID-19 (Coronavirus) UPDATE to City of Bunbury SLSC Membership
1st April 2020

Dear Members,

As we know, the Coronavirus outbreak is creating an unprecedented set of challenges for us all, and over the coming months we may face increased uncertainty as the spread of the Coronavirus (COVID-19) potentially accelerates and pressure from restrictions intensify.

To work as one community and follow the State and Federal Government's directives, has been and will continue to be our aim through this period.

The measures we have taken as a club and a valued community organisation, you have respected and understood. Your positive response to restricted club access and social gatherings has been a source of inspiration and unity in these challenging times. Thank you for uniting as a club to ensure our responsibility to care for each other and the community has been a priority.

Please also continue to be observant of all restrictions and Government directives; stay at home if you are unwell; practice social distancing; avoid gatherings; and strictly follow all personal hygiene routines.

It is of paramount importance that each and every one of us takes on a personal responsibility to try and slow down the transmission of this virus and save lives.

Let us not become complacent! Remain vigilant and responsible in our actions and behaviour so that we protect ourselves; our family; and our community.

Make the time to check in with friends, family, and neighbours! Let them know you care! We will continue to strive for our club to be the place for family whether our doors are open or closed.

Please stay healthy and hopeful. Take care!

Denise Duncan
President
City of Bunbury SLSC

Members are encouraged to regularly check for updates via the State and Federal Government websites.
